

MS Committee Meetings (Spring 2010)

First off, please list your availabilities for the end of this week so we can have a getting-started meeting

Second, please list your availabilities for the rest of the semester. For the end of January and however long we need in February, I'd like to have two meetings a week so we can get through the main bundle of applications, and after that we can go back to the usual one meeting a week.

Alright, I seem to be having permissions problems on this page. It's 50/50 whether you can edit it.

Let's make life simple for the short term.

Please add a comment (click 'Add Comment' down right, in the 'Add Content' column) with your availability Thu and Fri this week, and for the days of the week. I'll pull it up into the table above.
