

# Riccardo's Informal Home Page

I mean these pages to complement my [official homepage](#).

So what's available here?

- A [list of work in progress](#) — this is limited to CCIS faculty and grads. Check it out if you want to see what I am up to.
- A group of us has been meeting weekly to [read and discuss papers in logic in CS](#).
- I maintain a small blog of [logic-related curios](#).
